

**JIBS ABITOYE**  
**FCM NOMINATION PLATFORM 2018**

Thank you for taking the time to consider my candidacy for the position of FCM Board Member. I have the privilege of serving as a City Councillor for the City of Fort Saskatchewan and would be honoured to have the opportunity to serve the members of the FCM. I am an Economist, a Project Management Professional and a 4th Class Power Engineer. My professional background is in the areas of both finance and petrochemical industry. I have worked as a Risk Management Analyst, Financial Advisor and Project Controller. I am an ardent volunteer and have a great deal of experience at the board level including serving as Chair for the Fort Saskatchewan Multicultural Association. I currently sit on the AUMA Environmental and Sustainability Committee.

I am eager to take on a challenge and you can be rest assured that I would be a strong voice when it comes to representing your concerns on the FCM Board.

I strongly believe that the Alberta municipal story needs to be told at the national level now, more than ever. Although the core job of FCM is advocating to other levels of government, I believe we need to be building partnerships with our provincial neighbours to help each other in the exchange of best practices and the creation of strategic partnerships. One of my goals would be to help facilitate better relationships amongst the diverse members of the FCM to help create a better understanding of the unique perspectives we each hold. Now more than ever we need to unite the country given the many national challenges we now face.

I care about Canada's position globally and care about the unique perspectives of Alberta nationally. I care about people and I care about your priorities.

I am asking for your support to become one of the urban directors representing Alberta. I assure

you that I will be focused on what counts, YOU. Your priorities would be my priorities. I will work to ensure that Alberta is well represented.

Vote Jibs Abitoye , your choice for a strong voice for Alberta!
